

**Minutes of the 93<sup>rd</sup> State Level Single Window Clearance Authority (SLSWCA) meeting held on 24/07/2020 at 04.00 PM from the Chief Secretary's Office through Video Conferencing.**

---

The meeting was chaired by the Chief Secretary, Odisha. The list of members present is annexed.

Chairman, IPICOL, welcomed the chairperson and other participants and proceeded with the agenda.

**Agenda Item No.1: Confirmation of the minutes of 92<sup>nd</sup> SLSWCA meeting held on 29/06/2020**

Minutes of the 92<sup>nd</sup> SLSWCA meeting held on 29/06/2020 were confirmed.

**Agenda Item No.2: Action taken report on the 92<sup>nd</sup> SLSWCA meeting.**

SLSWCA noted the action taken on various items.

1. It was decided that DoWR will hold a meeting with Industries Dept. and submit a report to the SLSWCA, detailing out the modalities for development/construction of in-stream barrages to facilitate water availability. The policy in this regard shall be finalised at the earliest.
2. IDCO was advised to develop sector specific industrial parks having Plug-n-Play facilities with state-of-the-art infrastructure. The action plan in this regard should be apprised to the committee in next meeting.
3. IDCO was advised to identify prime locations for hotel projects in the State.

**Agenda Item No.3:**

**Proposal of M/s Rungta Mines Limited for setting up 34 MTPA Beneficiation Plant in two phases at Bonai sub-division, Dist- Sundargarh/ Champua sub-division, Dist- Keonjhar, with a total investment of Rs. 975 croresDeferred.**

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).

5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company shall take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rain water harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
  - i. The transfer of the project takes place under a court order or statutory pronouncement
  - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

**Following additional condition shall be applicable:**

17. The Implementation of project for both the phases should be completed within 60 months from the date of allotment of land by IDCO and obtaining all the necessary statutory clearances from Govt. agencies.

15/

**Agenda Item No.4:**

**Proposal of M/s Rungta Mines Limited for setting up 20 MTPA underground Slurry Pipe line from its proposed Beneficiation Plant at Bonai/ Champua sub-division, to its 3 different plant locations in Odisha in two phases with a total investment of Rs. 951 crores.**

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.
8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company shall take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rain water harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.

15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
  - i. The transfer of the project takes place under a court order or statutory pronouncement
  - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

**Condition No.s 5 & 15 shall not be applicable for the project. However, the following additional conditions shall be applicable:**

17. The Implementation of project for both the phases should be completed within 60 months from the date of obtaining all the necessary statutory clearances from Govt. agencies.
18. As the route of the pipeline will be in the ROW area of the NH, SH, PWD, other rural/forest roads and it also has to cross rivers, Nallahs, water bodies in its route, requisite permission from different authorities shall be obtained by the proponent, as applicable.

**Agenda Item No. 5:**

**Proposal of M/s. Shyam Metalics and Energy Limited for expansion of its Pellet plant from 0.3 MTPA to 1.2 MTPA capacity (captive and non-captive) at Pandloi, Dis-Sambalpur, with a total investment of Rs. 76.92 crores.**

After detailed discussion, SLSWCA in-principle approved the proposal of the company, subject to the following terms and condition:

1. The company will clear arrear dues if any, of Government Department(s) before allotment of land for the project.
2. No raw material linkage / assurance from the State Government shall be provided.
3. The project should not be located on mineral bearing area or command area of any irrigation project.
4. The company will submit its action plan for implementation of the proposed project to IPICOL within 90 days of the communication of approval of State Level Single Window Clearance Authority (SLSWCA).
5. The company will submit detailed land use plan. Allotment of land to the project is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower. The company will follow the prescribed procedure of IDCO for final allotment.
6. The allotment of water quantity is subject to assessment by IPICOL (considering the bench mark report where ever available) or as required by the company, whichever is lower and as per norms of DoWR/IDCO/ IPICOL.
7. The company has to obtain all statutory clearances as may be required & abide by the conditions/stipulations made there under.

8. The company shall strictly comply with the State employment norms, R & R Policy and other related policies of Govt. as applicable from time to time.
9. The company shall take up CSR activities in the locality in consultation with the District Collector. Besides, the company shall comply with the extant rules and policy issued by Govt. from time to time, and register itself on the GO CARE portal of IPICOL.
10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rain water harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
  - i. The transfer of the project takes place under a court order or statutory pronouncement
  - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

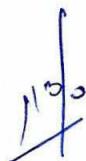

**Condition No.s 5 & 15 shall not be applicable for the project.**

**Agenda Item No. 6:**

**Proposal of Wellman Steels Gangeya Supply Agency Private Limited for setting up 1.8 MTPA Beneficiation Plant and 1.2 MTPA Pellet Plant in Mayurbhanj District with an investment of Rs. 170 Crore.**

10. The promoter(s) of the company shall not divest/dilute either directly or indirectly their shareholding to less than 51% until 3 (three) years from the date of commencement of commercial operation without the prior approval of the Govt.
11. Use of fly ash bricks is mandatory for all the construction that the company may take up.
12. Rainwater harvesting and ground water recharge is mandatory for industrial establishment.
13. Company to generate 5% of its power requirement through renewable energy sources.
14. The company should make adequate provisions for parking of the transport vehicles required for their operations to ensure that project related vehicles are not parked within 500 meters from any National Highway/State Highway.
15. The project shall not be located within 500 meters from the centre of the road on both side of any NH or SH or from the bank of any river / reservoir.
16. The applicant company will not transfer the project to another company until the project goes into commercial production, unless:
  - i. The transfer of the project takes place under a court order or statutory pronouncement
  - ii. When the change of name of the company is taken up under the provisions of Section 13 of the Companies Act, 2013.

**Agenda Item No. 7:**

**Proposal for approval of change of name of the company from M/s. Emami Cements Ltd to M/s Nu Vista Limited.**

After detailed discussion, SLSWCA approved the change of name of the company from M/s. Emami Cements Ltd to M/s Nu Vista Limited.

After detailed discussion, SLSWCA noted the change of location of M/s Smartchem Technologies Limited(STL) from Paradip, Dist- Jagatsinghpur to TATA Steel SEZ Limited(TSSEZL), Gopalpur

**Agenda Item No.9:**

**Availability of required land for M/s Ramky Enviro Engineers Ltd. for setting up of Common Integrated Hazardous Waste Treatment, Storage and Disposal Facility at Village – Lakhapur, Tehsil – Lakhapur of District – Jharsuguda.**

SLSWCA approved the change of location for the project, subject to the modification of the Clause 11 in terms and conditions of the approval earlier accorded by the SLSWCA in its 73<sup>rd</sup> meeting held on 29/07/2017 as follows:

1. The project proponent shall be allowed to start its landfill activity beyond 200 meters from the centre of the road on both side of any NH or SH subject to approval from OSPCB.
2. The project proponent shall develop a greenbelt of 200m width between the NH/SH and landfill site.
3. The proponent will keep adequate provision for future expansion of NH/SH, and shall provide required land, if the need arises in future for the purposes.

Meeting ended with a vote of thanks to the Chair and participants.

This is issued with the approval of the Chief Secretary.
